Dear Anita:

On behalf of the Regina Chapter of the Financial Management Institute of Canada, I would like to thank you for your presentation on October 19, 2011. Your session on 'Learn to Bounce – Thriving during Changing Times' was well received and appreciated by the forty Regina FMI members who attended.

The topic was timely and your delivery engaged our members to learn about the emotional journey they may be undertaking. The sharing of your personal experiences made the topics come to life. Many participants positively commented on the information shared during the breakout session, where perspectives of managers and employees were brought forward. Throughout the morning session, you kept the audience engrossed by varying the pace, encouraging participation and discussions and being entertaining.

I would recommend your presentation to other organizations without qualification. Once again, thank you.

Sincerely,

Barbara Kelly, B. Admin., CMA
