Subject: Hi there!!

Hi Scott, how are things with you?

Thought I would send you a recommendation for a speaker that was very well received by the PMI OVOC members on Monday Sep 21.

Anita Caputo delivered a presentation called Empowering Leadership in Every Team member. She has a warm approach and is able to draw people out to talk about how Leadership is 'all about them' and not 'all about me'. Her definition of Success is " People want to be associated with you". Here is her website <http://www.bigpictureinstitute.com/>

If you are looking for a speaker for a CGI forum, I highly recommend Anita.

On another note, I am off to India in November to further my yoga passion!! ☺mmm
